Subject: Notification of minor label changes in accordance with PR Notice 98-10.
Product: Unscented Deep Woods OFF! Insect Repellent
Registration Number: 4822-397
OPP Identifier Number: Not provided
Date of Submission: December 21, 2000

Dear Ms. Fugate,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below. The Agency's label notification team, has referred S.C. Johnson's proposed label modification to the Insecticides Branch for a full label review, and follow-up communications.

1. The use of the product attribute claim "OFF! Family Pack" may be used only as part of a packaging component for multi-pack retail units, and must not be affixed or displayed on the primary product label or package units in order to comply with Section V(B)(6) of the DEET RED which states the following:

"6. Child-Safety Claims All direct or indirect claims of child safety must be removed from DEET end-use product labeling in order for those products to be eligible for reregistration."

Otherwise, this claim may be construed as an indirect child safety claim.

2. Change the statement "For yard work and camping" to the following: "For use outdoors while doing yard work or camping."

3. This acceptance does not supercede S. C. Johnson's requirement to modify the label language, as outlined in the DEET RED published by the Agency in September 1998.

4. Section 4 "Size(s) Retail Container" lists the container size as 2-16 ounces. The last "Final Printed" label submission was received on January 18, 1995, and S.C. Johnson should update the Agency's files with current Final Printed labels for this product. [40CFR§156.10(a)(6)] The Agency also requires a print size no smaller than 6 point font [40CFR§156.10(a)(2)(A)], and a container size of 2 fl ounces, may not provide sufficient space to insure that this size criteria has been met. S.C. Johnson, Inc. should review all final printed labels' font size for this product.

Dear Mr. Yocum:

Subject: Alternate Formulation Request
Unscented Deep Woods Off! Insect Repellent
EPA Reg. No. 4822-397
Submission dated March 31, 1993

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is not acceptable for the reasons given below.

- 1) In accordance with Title 40 of the Code of Federal Regulations, part 152.43, an alternate formulation must contain the same certified limits for each active ingredient as the basic formulation. Correct the certified limits for this proposed formulation to reflect this requirement, or amend the basic formulation to include these "new" certified limits.
- 2) Provide the components of the "Hydrocarbon Blend" used in this formulation.

Sincerely,

Marion Johnson
